

Country Action Plan for CASM India 2006

1. Enlarge the database for India with Field surveys in different parts of India using ASM questionnaires.
2. Try JAICA and other agencies in Delhi for funding field surveys in ASM research.
3. Establish network with Governmental and Non-Governmental authorities, academic institutions for ASM.
4. Get various statistics on issues concerning with ASM from Governmental and Non-Governmental organizations.
5. List out all the agencies, if any, working towards ASM.
6. Prepare a strategy for formulating a workable framework for policies that can be introduced for the solution of some problems associated with ASM
7. Establish contacts in Sri Lanka for ASM data acquisition for that country.
